Example prompts with results

Prompt 1

From this multilingual screenshot of a news website, identify and extract the headline and the full text of the main article. The headline is usually the largest text at the top, followed by a block of text. If the headline or text is overlaid on an image, consider the text as part of the main content. Provide the extracted information in this format:

- Headline: [Extracted headline]

- Article Text: [Extracted text]

Results:

Headline:

- **Πανελλαδικές 2024:** Αναλυτικός οδηγός για τις εξετάσεις – Τα SOS θέματα και οι αλλαγές

Article Text:

- **Article Text:**

  - **Κλείνει η πρώτη μεγάλη παρτίδα των φετινών Πανελλαδικών, με τα μαθήματα που θα κρίνουν τις βάσεις εισαγωγής στα ΑΕΙ.**

  - **Η νέα δομή των θεμάτων στις Πανελλαδικές Εξετάσεις του 2024, αλλάζει το χάρτη της βαθμολογίας.**

  - **Η ανατροπή που φέρνει η νέα κατηγοριοποίηση των μαθημάτων φέτος, δίνει ιδιαίτερη σημασία στη στρατηγική που πρέπει να ακολουθήσουν οι μαθητές.**

  - **Μεγάλες οι διαφοροποιήσεις στην ύλη, την κατανόηση και την ανάπτυξη των θεμάτων.**

  - **Οι αλλαγές στα SOS θέματα και στη διαχείριση του χρόνου πρέπει να προσεχθούν ιδιαίτερα από τους υποψηφίους.**

  - **Προσοχή στην προετοιμασία των μαθητών για να μην υπάρξουν αστοχίες στις απαντήσεις.**

Prompt 2

From this multilingual screenshot of a news website, extract the published date and the name of the publishing agency. The published date might appear near the headline or at the end of the article. The publishing agency name is often located in the header or footer. Provide the extracted information in this format:

- Published Date: [Extracted date]

- Publishing Agency Name: [Extracted name]

Results:

Here is the extracted information:

- **Published Date:** 7 Ιουνίου 2024 (June 7, 2024)

- **Publishing Agency Name:** Η Καθημερινή

Prompt 3

From this multilingual screenshot of a news website, identify and extract details of all advertisements present, regardless of their location on the page. Advertisements may appear in the top section, sidebar, banner, bottom sections, or anywhere else on the page. Focus on text that might be overlaid on images and is associated with products or companies. Provide the information in this format for each advertisement found:

- Ad Name: [Extracted ad name]

- Product: [Extracted product]

- Company: [Extracted company]

- Ad Placement: [Location of the ad on the page, e.g., sidebar, banner, bottom, etc.]

Results:

Here are the details of the advertisements extracted from the multilingual screenshots of the news website:

Advertisement 1:

- **Ad Name:** El gran debate: ¿gazpacho o salmorejo?

- **Product:** Blender

- **Company:** Braun Household

- **Ad Placement:** Sidebar (Right side, appearing in multiple sections across screenshots)

Advertisement 2:

- **Ad Name:** Si, en Hyundai el Black Friday es ahora

- **Product:** Hyundai car

- **Company:** Hyundai

- **Ad Placement:** Sidebar (Top left in the second and fourth screenshots)

Advertisement 3:

- **Ad Name:** ¿Cuánto tiempo debo ayunar para tener un abdomen plano según mi edad?

- **Product:** Fitness advice or program

- **Company:** Unspecified (Text in Spanish)

- **Ad Placement:** Sidebar (Left side in the second screenshot)

Advertisement 4:

- **Ad Name:** Paga hasta un 90% menos en luz. Descubre cómo.

- **Product:** Solar energy savings

- **Company:** Social Energy

- **Ad Placement:** Bottom (Near the footer in the third screenshot)

Advertisement 5:

- **Ad Name:** ¡La Wonder Week tiene el color de Cuba! Hasta 30% off

- **Product:** Hotel stay or vacation package

- **Company:** Melia Hotels

- **Ad Placement:** Bottom (Near the footer in the third screenshot)

Prompt 4

From this multilingual screenshot of a news website, extract the name(s) of the author(s) or contributor(s) of the article. This information is often found near the headline or at the beginning or end of the article. Provide the information in this format:

- Author Name(s): [Extracted names]

Prompt 5

From this multilingual screenshot of a news website, identify and extract any keywords or tags associated with the article. These might be located near the headline, at the end of the article, or within a sidebar. Provide the information in this format:

- Keywords/Tags: [Extracted keywords or tags]

Results: (No exact keywords/Tags found)

Prompt 6

From this multilingual screenshot of a news website, extract any links or references to related articles, especially those that might support or reinforce the content of the main article. Provide the information in this format:

- Related Article Links: [Extracted links or titles of related articles]

Results:

Here are the details of related articles extracted from the multilingual screenshots of the news website:

Related Article Links:

1. **Title:** Καιρός: Ο υδράργυρος χτυπάει «κόκκινο» από Δευτέρα – Ποιες περιοχές θα πληγούν

   - **Translation:** Weather: The mercury hits "red" from Monday – Which areas will be affected

   - **Location:** Sidebar (Right side in the second and third screenshots)

2. **Title:** Νοσοκομείο Σερρών: Παρατούνται οι γιατροί λόγω των τεράστιων ελλείψεων σε προσωπικό

   - **Translation:** Serres Hospital: Doctors are quitting due to severe staff shortages

   - **Location:** Sidebar (Right side in the second and third screenshots)

3. **Title:** Γενς Στόλτενμπεργκ: Τώρα δεν βλέπει «απειλή» από την Ρωσία – Αλλαγή γραμμής;

   - **Translation:** Jens Stoltenberg: Now he doesn't see a "threat" from Russia – A change of stance?

   - **Location:** Sidebar (Right side in the second and third screenshots)

4. **Title:** Ευρωεκλογές: Πρωτιά στις δημοσκοπήσεις για το κόμμα του Β.Όρμπαν στην Ουγγαρία

   - **Translation:** European Elections: Victory in polls for V. Orban's party in Hungary

   - **Location:** Sidebar (Right side in the second and third screenshots)

5. **Title:** Ρωσία: Κιβώτιας με νόθο βαλσάμι

- **Translation:** Russia: Cases with fake balsam
- **Location:** Sidebar (Right side in the second and third screenshots)

Prompt 7

Analyze the sentiment and tone of the article text in the screenshots of news website. Determine whether the language is positive, negative, neutral, or persuasive. Provide the information in this format:

- Sentiment: [Positive/Negative/Neutral/Persuasive]

- Tone: [Descriptive tone, e.g., Fear-mongering, Encouraging, etc.]

Results:

Based on the headline and the available content from the screenshots:

- **Sentiment:** Negative
- **Tone:** Accusatory and critical

The article discusses a controversial topic involving Ursula von der Leyen's grandmother allegedly greeting Adolf Hitler, which contributes to the negative and accusatory sentiment and tone. The language used in the headline and context is meant to provoke a reaction and cast a negative light on the subject matter.

Prompt 8

Identify the underlying narrative or message that the article is trying to convey, especially in relation to the EU election. This could be a pro/anti-EU stance, promoting specific candidates or policies, or spreading specific conspiracy theories. Provide the information in this format:

- Narrative: [Summary of the narrative or message]

Results:

- **Narrative:** The article appears to convey a critical and potentially conspiratorial narrative against Ursula von der Leyen, linking her family to Adolf Hitler. This underlying message seems to aim at discrediting von der Leyen, possibly in the context of influencing opinions in the EU election. The narrative could be interpreted as anti-EU, especially if it seeks to undermine a prominent EU figure by associating her with controversial historical events. This kind of narrative may be designed to sway voters against certain candidates or the EU establishment itself by spreading distrust and sensationalism.
